Dear Mr. Snow:

On behalf of the members of PASTICHE, I am delighted to inform you that your composition "A Baker's Tale" has been chosen as the winner of the PASTICHE Composition Contest. We have it in preparation and plan to premiere it at our April concert here in Lake Charles. Please accept our congratulations on an outstanding piece of work. We feel that the piece captures both the sound and the aesthetic intent of our ensemble, and that it will be well received by our audiences.

In order to negotiate the payment of the prize money we will need your social security number. Please send that to us at your convenience. For our own information as well as that of our audiences, we would like to know if there is a "program" underlying the movements of the work beyond that implied in the titles. We would also like to have a brief biography of you to include in program notes.

Yours sincerely,

*Fred Sahlmann*
